BACKGROUND: The annual Asian Pacific Youth Leadership Project (APYLP) conference provides a select group of 50

Asians and Pacific Islander juniors and seniors from public, private and charter high schools throughout California with a unique opportunity to gain first-hand knowledge of the legislative

process, community leadership, and political activism. During the four-day, three-night conference, students will participate in a Mock Legislature that includes the election of peer legislative leaders, lively debate of current issues through the introduction of legislation, lobbying of bills during committee hearings and the Senate floor session. Additionally, small group workshops facilitated by Asian Pacific legislative staff, community activists, and business leaders will assist students in developing their leadership and public speaking skills, enhance their cultural awareness and identity, and explore the richness and diversity of Asian and Pacific Islander communities in California.

WHO SHOULD APPLY: Although any California junior and senior-year high school student may apply, APYLP strongly encourages applications from Asian and Pacific Islander youth

who have some leadership experience and especially from students who have leadership potential, but whose participation in programs such as APYLP may have been hindered in the past by economic, geographic, language, or other factors.

The conference program is designed specifically for Asian and Pacific Islander youth to learn more about themselves, issues of importance

to their communities and how to empower their leadership potential through the political process, public service and community service. Participants in past conferences have been representative of the rich cultural, multiracial, linguistic, and socio-economic diversity of Asian and Pacific Islander communities from urban, suburban, and rural areas throughout California.

TRANSPORTATION, ROOM & BOARD: There is no cost to students accepted to the APYLP leadership conference. Through its fundraising efforts and generous support from individuals and businesses, APYLP will pay all costs for students selected to participate in the conference including travel, lodging, meals and necessary conference materials. The leadership conference program is a supervised activity with volunteer advisors assigned to each student for the duration of the program.
